

A Crazy Little Thing Called Love...

I RUN A WINE COMPANY WITH A STRANGE NAME AND I DEAL WITH THE PUBLIC... NEEDLESS TO SAY I HAVE TOO MUCH TO EXPLAIN WHAT THE DEVIL 'LAZY BALLERINA' MEANS.

I DON'T THINK I HAVE THE WORLD'S SILLIEST NAME. **JAMES HOOK** SAYS TRY THESE ON FOR SIZE.

Arrogant Frog – Languedoc, in the south of France - How can a frog be arrogant? Oh you mean it is a pisstake against the French. This wine is a old world take on new world wine. In other words it tastes fruity. Gallic sense of humour.

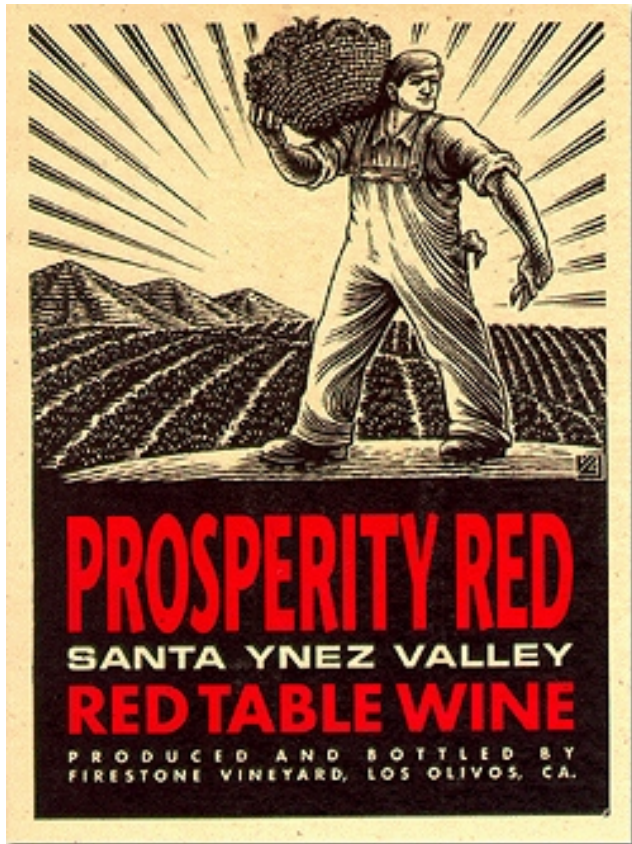

Greedy Sheep – WA - As per the photo. Named after a flock of sheep who trashed a vineyard in Cowaramup in the centre of the Margaret River Wine Region in Western Australia.

Mad Housewife – California - From the back label. *"Somewhere near the cool shadows of the laundry room. Past the litter box and between the plastic yard toys. This is your time. Time to enjoy the moment to yourself. A moment without the madness. The dishes can wait. Dinner be damned."*

Fat Bastard - Another Frenchy - It's sister wine is Utter Bastard. Coming soon; Total Bastard. Broken Bastard.

Cockfighter's Ghost - Australia - One wild, windy night as the intrepid travellers were crossing Wollombi Brook, misfortune struck. Cockfighter, the lead horse, became bogged in river quicksand and despite all efforts, drowned. A fateful night that gave birth to the legend of Cockfighter's Ghost...

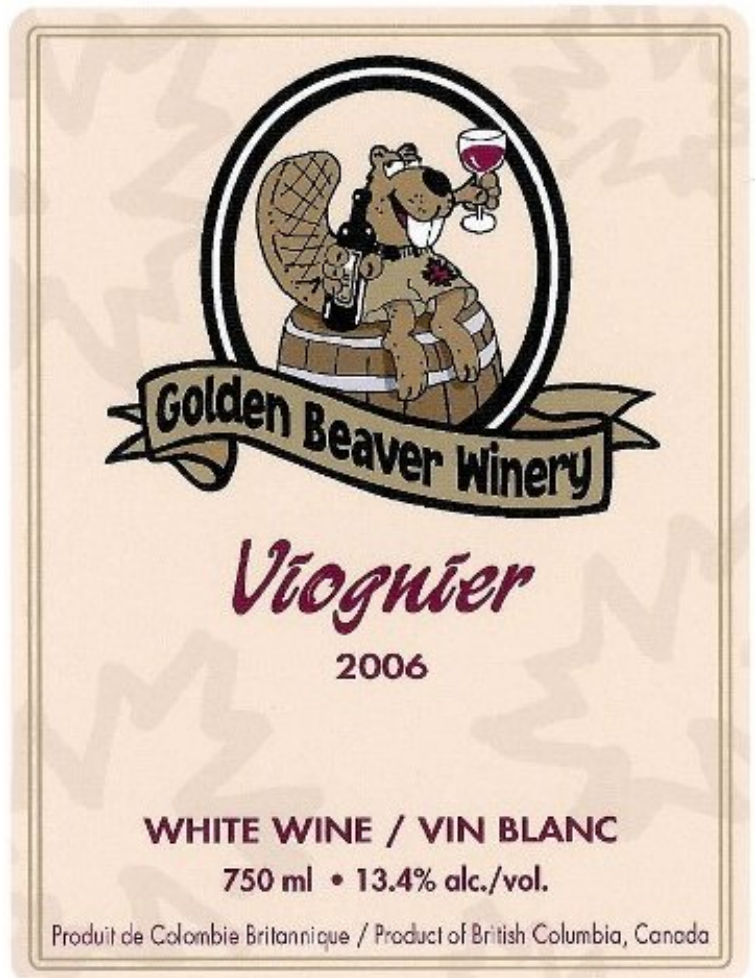

Chateau Chateau Chateau Grenache - Australia – R Wines. From the fertile marking mind of Dan Phillips this is not a misprint.

Other gems from R Wines include Evil, Bitch and Suxx.

Prosperity Red – Santa Ynez, California – Socialist. Reminds me of the Grapes of Wrath... *"Whenever ya see a cop beatin' a guy. Wherever a hungry new born baby cries. Wherever there's a fight against the blood and hatred in the air. Look for me Ma. I'll be there."*

Golden Beaver – Canada – This sounds like a joke from *The Naked Gun* circa 1988. Leslie Nielsen was not involved in this wine. Nor Chevy Chase.

For more weak innuendo check out the wine list from *Naked Winery* in California. They have the Foreplay Chardonnay, Dominatrix Pinot (think about that for a while) and the prosaic Missionary range – from a mission I take it. The less said about Penetration Cab Sav the better. www.nakedwinery.com

Pansy! - Australia- It's fruity, pink-hued, requires a love of sugar and is marketed at the gay community.

Dudes – California Petite Sirah; Durif to the rest of the world. Richard Kasmier's Kaz Winery also makes Champs Cabernet, but for us its Dudes or nothing.

Mother Cluckers Chardonnay – NZ – Made by Coopers Creek, their other wine is called Cat's Pee on a Gooseberry Bush Sauvignon Blanc. To quote their website, 'Get clucked!'

Love my Goat & Space Shuttle Red
– New York State – Cool, crazy.

Bull's Blood - Egervin Egri Bikaver - Hungary.

The original strange name.

During a siege in 1552, the citizens of Eger in Hungary opened their wine cellars and drank red wine to give them strength to fight off the Turks. The wine spilled over their beards and onto their armor, coloring them blood red.

As the citizens continued their valiant fight against the invading Turks, word spread quickly that the Hungarians were drinking the blood of bulls to make themselves strong and fierce.

The superstitious Turks were fearful and demoralized. As a result, the siege was broken. Victory!
